

September

2015 - 2016 Mathletics Activity Calendar

September is self-improvement month.
Set goals for yourself at the beginning of this school year.
What are your math goals this year?

Mathletics

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
		1 	2 	3 	4 	5
6 	7 Labour Day This is an annual holiday that is celebrated on the 1st Monday of every September.	8 International Literacy Day Explore 3 terms in the Math Dictionary on Mathletics. Write these concepts in your math journal. Share the terms with a partner.	9 	10 	11 Swap Ideas Day Play Live Mathletics Write one country you played against and one fact about this country. Swap facts with a partner and then discuss as a class.	12
13 National Grandparents Day Spend time with your grandparents today. Use the Mathletics calculator to calculate the age difference between you and Grandma or Grandpa.	14 	15 	16 National Play Doh Day In 1955 Play Doh was created. Create a 3D shape using play doh and straws. Look up 3D shapes in Concept Search.	17 	18 	19 Talk like a Pirate Day Aye, Matey! There are many hidden treasures in Mathletics. Explore the unknown and find a new section of Mathletics you have never tried before.
20 	21 World Gratitude Day Thank your teacher today! Complete all assigned tasks. Try completing 3 curriculum activities if you have not been assigned any tasks.	22 	23 BODY BREAK Re-energize and give your brain a break! Play 5-4-3-2-1 with your class. Choose someone to be the leader and choose 5 different actions (5 jumping jacks, 4 spins, 3 push-ups etc.) Everyone follow along!	24 	25 National Comic Book Day Create a Mathletics comic strip. Make your avatar the star! <i>*Cross-curricular activity*</i>	26
27 	28 Good Neighbour Day Like a good neighbour, Mathletics is there! Play Live Math. Write down time of game and one country you played against. What time zone are they in?	29 	30 	Teacher Tip: Hang up this calendar in your classroom. As a quick warm-up to your Math lesson, have students complete these tasks at the beginning of the class. See how many you can complete this month!
